1 of 1 review helpful This book is in my opinion EXCELLENT for studying for MBBS examinations By Jeremy Jason

G R I am a medical student This book is in my opinion EXCELLENT for studying for MBBS examinations Concepts are clearly explained and the material is directly towards medical students Gives a good foundation before further reading and before attempting MCQ s EMQ s SAQ s Of course it can be used First published in 1917 as Midwifery nbsp Obstetrics by Ten Teachers is well established as a concise yet comprehensive guide within its field The nineteenth edition has been thoroughly updated integrating clinical material with the latest scientific advances With an additional editor and new contributing authors the new edition combines authoritative detail while signposting essential knowledge Retaining the favoured textual feature This is an excellent book especially for U K medical students Language and citations may make it less than ideal for U S students but the text figures and case histories and physiology are applicable across all training programs Doody s
