By E.L. Abel : Fetal Alcohol Syndrome and Fetal Alcohol Effects fetal alcohol spectrum disorders fasds are a group of conditions that can occur in a person whose mother drank alcohol during pregnancy problems may include an if a woman drinks alcohol during her pregnancy her baby could be born with fetal alcohol syndrome fas which causes a wide range of physical behavioral and Fetal Alcohol Syndrome and Fetal Alcohol Effects:

0 of 0 review helpful Better Than Later Texts by Abel By Peggy S Oba This book was reviewed in The Broken Cord

by Michael Dorris and probably is more scientific than later works by this author A very good explanation of the damage done to the entire fetus by prenatal alcohol I have written this book because I felt there was a need to bring together in one place the vast amount of research that has been published in the past 10 years concerning alcohol s effects on the conceptus My hope is that this book will be of value to the many clinicians basic research scientists social workers and others who are interested in this important issue The number of such publications continues to grow each year and it was a very difficult task to revie
