2 of 2 review helpful Great reference book for your pathology department s library By Buckeye Forever If you

perform pediatric autopsies at your facility this book should be in the department's library It is very dependable and perhaps the best reference book and most complete source of pediatric pathology that I have encountered 1 of 1 review helpful Great textbook By AA50 This comprehensive reference addresses all aspects of fetal and neonatal pathology including complicated pregnancies multiple pregnancies abortion placental pathology and disorders affecting the full term neonate A consistent organization allows for quick access to specific guidance and nearly 2 500 illustrations 2 350 in full color depict conditions and abnormalities as they present in practice facilitating diagnosis An Image Bank on CD ROM new to this ed Should appeal to every pathologist who deals with the disorders and deformities of early life Pediatric and Developmental Pathology 2007 The presentation is spectacular 2 350 94 of the illustrations are in color and most are of excellent quality
