**By Brenda Poindexter MD : Current Concepts in Neonatal Nutrition, An Issue of Clinics in Perinatology, 1e (The Clinics: Internal Medicine)** Current Concepts in Neonatal Nutrition, An Issue of Clinics in Perinatology, 1e (The Clinics: Internal Medicine):

Over the past several decades advances in neonatal nutrition have focused on the provision of early parenteral nutrition and the development of formulas and supplements that most closely approximate maternal breast milk The overall outcomes for infants including premature infants have greatly benefited from these advances but there are still many nutritional unknowns that impact the lives of neonates This is an exciting time in neonatal nutrition as the focus has s
