Picture Tests):

0 of 0 review helpful It was in excellent condition I can prepare for my final Fellowship By Katryn I got the book It was in excellent condition I can prepare for my final Fellowship exams I m very happy A quiz book of commonly encountered conditions in neonatology giving practice in visual recognition The high quality colour pictures provide a wider range of conditions that would normally be seen in short clinical attachment and the associated questions answers make the book ideal for learning self testing and exam revision This book complements the Colour Guide volumes NEONATOLOGY and PAEDIATRICS and is by the same authors
