mueller from waterstones Pregnancy - The First Nine Months of Our Life explained for Children and Parents:

This booklet does not try to teach sex education nor does it show a photographic atlas of the events in pregnancy as do such books available in bookshops for a long time Rather the booklet aims at explaining the development of man in the womb in understandable humorous words and simple illustrations suited for children and adults alike The book is addressed to children capable of reading as well as to their parents to pupils and their teachers and to all those who w
