0 of 1 review helpful So so By Catherine This handbook was required for my program I have used it once in 2 years It is useful information but it s way too much information crammed into one tiny book It s difficult to navigate and the print is ridiculously small Neonatal Respiratory Care Handbook is included in the 2015 edition of the essential collection of Doody rsquo s Core Titles Neonatal Respiratory Handbook is an excellent handbook which will illustrate the more common types of procedures that a respiratory therapist new graduate or an experienced therapist would be

expected to perform in the day to day operations of a highly specialized unit for children This book is especially appropriate for respiratory students en
