0 of 1 review helpful Five Stars By cynthia murphy great book This title is now available under ISBN 9780702052149 CTG Made Easy 4th edition continues the successful format of previous editions offering a practical guide to all health professionals involved in monitoring the fetal heart rate during labour and specifically in the interpretation of CTG traces The workbook approach remains with many new and updated case histories and CTGs all using current terminology and a recommended proforma This book will be of interest to midwives obstetricians and those in training whether looking for a first text or a refresher The book is mostly an easy read particularly given its difficult subject

matter this book has an interesting format Informat
