From Learning Resources International, Incorporate : Antepartal and Intrapartal Fetal Monitoring (2nd Edition) Antepartal and Intrapartal Fetal Monitoring (2nd Edition):

5 of 5 review helpful The most indepth book on fetal monitoring I ve ever seen By A Customer I am an RN working in a labor and delivery and high risk antepartum unit and have taken a number of advanced fetal monitoring classes I was shown this book by a co worker and couldn t believe how much I really didn t know The author presents the material in a manner that s easy to understand and sources are provided after eve Dr Murray has expanded the depth and breadth of the original text New to this edition are sections on maternal and fetal physiology and fetal pulse oximetry Contributors represent every aspect of perinatal nursing and medicine from practice research business industry education management and academia Contains nearly 300 illustrations
