Preemie Voices - Young men and women born very prematurely describe their lives, challenges and achievements:

0 of 0 review helpful Five Stars By Pedro Ernesto Vargas A beauty as Neonatology is I am a neonatologist Pedro The birth of a very premature baby is a shock for parents The immediate anxiety about whether their infant will survive quickly leads to concerns about their child s future quality of life In this inspiring and informative book young people who were born weighing less than two pounds three ounces provide candid and personal stories about their lives challenges and accomplishments Now in their thirties these men and women were cared for at McMaster University Hospi
