By André J. Nahmias, Richard J. O'Reilly : Immunology of Human Infection: Part II: Viruses and Parasites; Immunodiagnosis and Prevention of Infectious Diseases (Comprehensive Immunology) Immunology of Human Infection: Part II: Viruses and Parasites; Immunodiagnosis and Prevention of Infectious Diseases (Comprehensive

Immunology):

When we were first approached by the senior editors of this series to edit a book on interactions between the host and infectious agents we accepted this offer as an exciting challenge. The only condition readily agreed upon was that such a book should focus on the immunology of infections in humans. Our reasons, if not biases, were severalfold. We sensed that the fields of microbiology and immunology which had diverged as each was focusing on its individual search
