By Lawrence F. Eichenfield MD, Ilona J. Frieden MD, Andrea Zaenglein MD, Erin Mathes MD, Nancy B. Esterly MD : Neonatal Dermatology, 2e the diabetes in pregnancy dilemma leading change with proven solutions 2e oded langer md phd 978 1 60795 182 7 15000 this is a free service to help you locate a physician whose training is appropriate for your medical needs jsmc has more than 100 doctors on the medical staff Neonatal Dermatology, 2e:

0 of 0 review helpful Neonatal Dermatology By Picture fan This book is just what I was looking for Its many images makes it a great resource reference for identifying rashes and abnormal skin lesions I would highly recommend it to

any professional who works in the field with newborns and infants Comprehensive and heavily illustrated this is a unique reference for anyone involved in the diagnosis and treatment of dermatologic diseases in infants and newborns In addition to over 500 superb photographs of normal and abnormal skin conditions this latest edition also includes new algorithms new tables and new care plans Neonatal and Infant Dermatology is far more than an atlas It is a state of the art presentation of the diagnosis and man The quality of the many full colour illustrations is of a very high order and the text remains very readable I checked this book for a few of the common and rare skin conditions that I have been involved in managing over the last year and found the informa
