By AWHONN, M. Terese Verklan PhD CCNS RNC FAAN, Marlene Walden PhD RN NNP-BC CCNS, NANN, AACN : Core Curriculum for Neonatal Intensive Care Nursing, 4e (Core Curriculum for Neonatal Intensive Care Nursing (AWHONN))

and neonatal nurses awhonn o coverage of key content on the neonatal intensive care nursing core curriculum for neonatal intensive care core curriculum for neonatal intensive care nursing from awhonn national association of neonatal care guides the nurse to use assessment Core Curriculum for Neonatal Intensive Care Nursing, 4e (Core Curriculum for Neonatal Intensive Care Nursing (AWHONN)):

0 of 0 review helpful Good but not great By Jordan D Good Book Very straightforward information No fluff Sometimes I wish it would have more specific information rather than just general broad info For example in the Laboratory section it discusses the different types of tests and what they test for and the definition of specificity etc But it never really gives you an interpretation of a test and what it could mean Perfect as a resource in the field or for exam preparation this authoritative reference from the Association of Women rsquo s Health Obstetric and Neonatal Nurses AWHONN includes in depth coverage of the most common neonatal disorders and their management The concise outline format highlights the essentials of each condition including definition etiology pathophysiology signs and symptoms diagnostic tests treatments and outcomes to help you find important inf This CD ROM is fantastic ndash a remarkable contemporary educational resource for anyone working with lactating breastfeeding women All in all I think this CD is an excellent learning resource which should be available on all neonatal and maternity un
