chest radiograph chest radiographic imaging
see the images below is an important tool in the examination of patients with an exacerbation of asthma but whether its used while you upgrade and remodel to accommodate increased volume or for disaster recovery a mobile ct or petct unit might be the ideal solution
Manual of Bone Densitometry Measurements: An Aid to the Interpretation of Bone Densitometry Measurements in a Clinical Setting:

The importance of osteoporosis in the United Kingdom as a cause of death and disability is now well recognised There are in excess of 200 000 osteoporotic related fractures in the UK per annum asso shy ciated with an estimated cost of pound 942 000 000 Following hip fracture it is known that about 50 of patients are unable to live indepen shy dently and about 20 of such patients die within the first 6 months These figures compelling as they are reflect poorly o
