**By Lindsey Allan MD, Lisa Hornberger MD, Gurleen K. Sharland : Textbook of Fetal Cardiology** cardiology from greek kardia quot;heartquot; and logia quot;studyquot; is a branch of medicine dealing with disorders of the heart as well as parts of pregnancy and heart disease online medical reference details pregnancy and heart disease co authored by sahar naderi and russell raymond of Textbook of Fetal Cardiology:

0 of 0 review helpful Textbook of Fetal Cardiology The bible By Tita It is difficult to get hold of this book and even mine was a second hand copy I just wanna say to whomever sold it to me a very big THANK YOU VERY MUCH I use it frequently as a solid basic background textbook I know Lindsey Allan personally and she won t be publishing

another book like that any time soon Hold on to your copies The definitive text on fetal cardiology and already the standard reference work in the subject this book is edited by a transatlantic team of extremely well known and highly respected fetal cardiologists with individual chapters written by leading experts from centres of excellence around the world Of the roughly 1000 figures in the book over 300 are in full colour It is essential reading for all healthcare professionals involved in the diagnosis treatment and man
