0 of 0 review helpful Five Stars By Customer LLeg oacute a Uruguay en excelentes condiciones Muchas gracias

Neonatology acute care offers a general concise and illustrated view of neonatal medicine. In the book, it is related to the premature or low birth weight child and the wide range of common or severe neonatal disorders and their treatment. It also places acute care neonatology in context with sections on its history, epidemiology, acute care medicine, perinatal medicine, and a general view of acute care medicine along with the care of the normal newborn child.
