By PAHO : Neonatal Tetanus Elimination: Field Guide (PAHO Scientific Publications) Neonatal Tetanus Elimination: Field Guide (PAHO Scientific Publications):

This publication offers a unique approach to the strategies that have made the elimination of neonatal tetanus in the Americas possible. The guide provides up to date information and describes innovative field techniques that can be adapted and applied throughout the Region. This book highlights the progress made in surveillance to identify and monitor high risk areas as well as immunization activities geared especially towards women of childbearing age who live in those
