**From Cambridge University Press : Maternal-Fetal Medicine (Cambridge Pocket Clinicians)** for medical students first aid nms brs rapid review elseviers integrated lippincotts illustrated master medicine dr richard schwartzstein is a professor of medicine and medical education at harvard medical school and beth israel deaconess medical center Maternal-Fetal Medicine (Cambridge Pocket Clinicians):

0 of 0 review helpful Five Stars By Maychiel Perez Nicely outlined topics Maternal Fetal Medicine provides the busy clinician with precisely the information needed where and when it is needed The text covers a wide variety of topics related to maternal and fetal medicine as well as clinical questions that will challenge providers both in the outpatient

setting and on labor and delivery wards Special attention has been paid to incorporating an evidence based approach to obstetric management and a number of chapters have been included to ass The authors of Maternal Fetal Medicine have successfully managed to comprise a very broad based speciality into a small handy and easy to use pocketbook The structure of the book is uniform making it practical and quick to look up the required topic Th
