**By Max Perlman, Haresh M. Kirpalani, Aideen M. Moore : Residents Handbook of Neonatology** actively participate in clinical pharmacy services such as therapeutic drug monitoring nutrition support and pediatric specialty clinics; multidisciplinary pediatrics the department of pediatrics is one of the clinical departments within the college of

medicine and provides comprehensive patient care services in a wide Residents Handbook of Neonatology:

2 of 2 review helpful Not all I wanted it to be By Peds Resident Fits in my pocket and has some info but nothing this compact can have everything Not as much on differential diagnosis but it gives me a place to start As with most of medicine you end up reading more in other books anyway What began as a modest in house manual for residents at one of the busiest children s hospitals in the world evolved into one of the most popular handbooks for residents and trainees ever published Based on actual clinical practice this text covers the range of neonatology from the delivery room through discharge The information is practical and telegraphic giving the reader quick answers to virtually any question that will arise on the ward It covers every body sy About the Author Max Perlman MB BS FRCP Lond FRCPC Professor of Pediatrics University of Toronto Staff Neonatologist Neonatal Intensive Care Unit Hospital for Sick Children Toronto Ontario CANADA Haresh M Kirpalani BM MRCP UK FRCPC MSc FRCP
